## EDUCATION

---

**Shri Shankaracharya Institute, junwani,**  
Computer Science Master of Computer Application  
Percentage: 76%

Bhilai  
july 2018 - july 2020

**Pragati College, Choube Colony**  
Computer Science Bachelor of Computer Application  
Percentage: 63.7%

Raipur  
july 2015 - july 2018

## EXPERIENCE

---

**Gloitel Consulting Pvt. Ltd. | Front-End Developer** Raipur, India | April 2022 - Present

Working as a Front-End and React Native Developer, building dynamic and responsive user interfaces using React.js, Next.js, TypeScript, HTML, CSS, and SCSS. Also developing cross-platform mobile applications with React Native and Expo, ensuring smooth performance and a seamless user experience through close collaboration with designers and backend developers.

**StaffCloud Services Pvt. Ltd. | E-Commerce Associate** Gondia, India | March 2021 - March 2022

Manages product listings, updates website content, and enhances the online shopping experience through custom UI/UX improvements. Contributes to marketing efforts and collaborates cross-functionally to ensure smooth operations and customer satisfaction.

**Computech Care | Wordpress Developer** Raipur, India | September 2020 - March 2021

Designs and develops various websites with a focus on custom UI/UX, functionality, and user experience. Collaborates with teams to resolve issues, implements updates, and ensures optimal site performance and security.

**BlueChips Solutions | Frontend Developer** Raipur, India | Jan 2020 - July 2020

I completed a 6-month internship in frontend development using Django, building responsive interfaces, integrating templates, and optimizing UI. This enhanced my skills in HTML, CSS, JavaScript, and teamwork.

## SKILLS

---

Programming Languages: Javascript, React js, Typescript, Next js, Php, SCSS, Wordpress, UIPath, Oops concept, Design pattern, HTML5, CSS3, React Native, Expo React Native

Libraries/Frameworks: Bootstrap, Tailwind, CodeInginter, AntDesign, Shadcn, Jquery, Figma, CI\_CD, Firebase, Tanstack React Query, Figma

Tools / Platforms: Git, VS Code

Databases: Mongodb, Mysql

## PROJECTS / OPEN-SOURCE

---

**Path IAS Academy** Next js, React js, HTML, SCSS, Tailwindcss, Shadcn,typescript

In this project, I utilized React.js to build dynamic and interactive components, ensuring smooth navigation and user interactions throughout the platform. Additionally, I focused on the UI aspect by translating design mockups into high-quality, responsive web components. By collaborating with the UI/UX team and leveraging React.js, I created a visually consistent and user-friendly interface that enhanced the overall user experience.

**Prowfit Website** Next js, React js, HTML, SCSS, Boostrap

Crafted visually appealing, responsive web pages and collaborated with design and development teams to integrate creative concepts into React-based applications, leveraging Next.js to optimize performance and enhance speed.

**Expereteeth Dental Care** Next js, React js, HTML, SCSS, Boostrap, Swiper js

As a Frontend Developer for Expertteeth Dental Care, a dental clinic website, I was responsible for designing and developing a dynamic, responsive user interface using React and Next.js. I employed SCSS for modular and maintainable styling, ensuring a consistent and visually appealing design across the site. Utilizing Bootstrap, I streamlined the development process with pre-designed components and responsive utilities, which facilitated faster implementation and ensured a mobile-friendly interface. Additionally, I worked extensively on API integration, collaborating closely with backend developers to seamlessly connect the frontend with server-side functionalities, ensuring efficient data flow and enhancing the overall user experience.

#### **Glowel Website**

*Next js, React js, HTML, SCSS, Bootstrap*

As a Frontend Developer, I designed and developed a dynamic, responsive website using React and Next.js, ensuring high performance and excellent user experience. I utilized SCSS for modular and maintainable styling, allowing for advanced customization and a consistent design language across the site. By incorporating Bootstrap, I streamlined the development process with pre-designed components and responsive utilities, which facilitated faster implementation and ensured a mobile-friendly interface. My role involved close collaboration with design and backend teams to seamlessly integrate APIs and creative concepts, resulting in a polished and efficient web application.

#### **Gloitel Website**

*HTML, CSS, Bootstrap, Django*

Led frontend development for Gloitel Website, translating design concepts into visually engaging, responsive interfaces, implementing solutions with HTML, CSS, JavaScript, Bootstrap, and Swiper.js to ensure seamless navigation and optimal user experience, contributing significantly to the project's success.

#### **Knock India News (<https://knockindia.com/>)**

*Wordpress, Php, HTML, CSS*

Single-handedly developed the KnoIndia news channel website, utilizing WordPress as the platform and PHP for integrating the COVID patient API. Designed and implemented all aspects of the site, including frontend and backend development, content management, and ensuring seamless functionality.
